Purrrinn Cats Hostel - Wet/Canned Cat Food Comparison Chart

some information from http://www.nutritionanalyser.com/food_composition/
 Keep in mind that a food with several kinds of plant/grains listed lower on the label may have as much total plant/grains as a product that has one or two listed high on the label, and that meat/Meal and meatByProducts often contain indigestible non-protein parts of the animal. Check out this web site: <http://www.petfoodratings.net/>
 Follow the dietary recommendations from a knowledgeable veterinarian to prevent nutrition-induced disease in your cat

Good beef/chicken / lamb
 less good fish can be bad if fed in large quantities
 less bad thickening agent
 more Bad vegetable or grain
 Bad high fat or high cost or high carbohydrate
 meat by products or cellulose

Selection Considerations
 1 High Quality Protein
 2 Large Protein %
 3 Moderate Fat %
 4 Low Carbohydrate %
 5 Moderate Cost \$/Lb protein
